E jjohnson@USBCG.com

James Johnson has 30 years of general construction experience as a residential and light commercial contractor. Mr. Johnson concurrently carried out a 25 year management career with Kraft Foods while also leading his own residential renovations business. Mr. Johnson has construction experience in wood and metal framing, roofing, siding, drywall, tile, flooring, interior and exterior trim, painting, cabinetry, fencing, window and door installation, electrical, plumbing, and commercial glass. Mr. Johnson has hurricane damage assessment experience in the large loss area of municipality and school systems from Hurricane Irma. He has also conducted assessments on other commercial and residential hurricane losses for the last several years. Mr. Johnson is proficient in leading teams in carrying out site inspections, building and maintaining professional relationships with clients, and effectively governing the high level of team management associated with the contracting industry. Mr. Johnson has conducted over 300 catastrophic event related inspections and effectively utilizes Xactimate to prepare cost estimates associated with inspections. He also has extensive experience and qualifications in Project Management, Continuous Improvement, and Change Management. Mr. Johnson studied Business Administration at Central Carolina Community College and honorably served in the Army's 82nd Airborne Division of the United States Armed Forces.

Mr. Johnson's key strengths include the following:

- Project Management
- Cost Estimation
- Wind Damage Assessment – Commercial and Residential
- Fire Damage Assessment – Commercial and Residential
- Residential Homes
- Water Intrusion
- Wood Structures
- Commercial Buildings
- Roofing
- Change Management (Prosci certified)
